A Word from our City Manager

Hello Woodstock!

Woodstock is abuzz with creativity, growth and improvements! Here's just a taste of what's to come:

Mad Life Stage and Studio on Main Street: Featuring a sound studio, live music and a restaurant.

Sam's Wholesale Club at Intersection of Hwy 92 and Main

Stars and Strikes on Highway 92: For kids and adults offering arcades, bowling, paintball and a restaurant.

Construction of New Amphitheater: The City of Woodstock's Amphitheater is currently out to bid and will be back before Council this summer.

Demolition and Reconstruction of Building B: Located at the corner of Main and Towne Lake Pkwy, the older structure attached to The Chambers at City Center will be demolished to make room for the Towne Lake and Main Road Widening Project and allow us to build a new atrium with public restrooms.

30,000 Additional Sq. Ft. of Retail Space at the Outlet Mall and much more!

MAYOR'S RECYCLING CHALLENGE

During the months of June & July, all the cities of Cherokee County will be competing to see which one can collect the most recycling! Starting June 1st, all curbside recycling picked up by Waste Management within Woodstock City limits will be counted in the competition!

STORM WATER CORNER

Washing the car can be lots of FUN!! Did you know it can benefit your lawn too? IT'S TRUE!!!!

Just pull your car onto the grass and wash it there. Your lawn will gladly soak up the water. Plus, the grass will break down the soap and absorb the phosphates as fertilizer. There's another bonus to getting clean on the green. Keeping soapy water out of storm drains and ditches protects water quality. That is because anything that enters storm drains or ditches is headed straight to our local creeks, rivers and lakes - NO FILTERS OR TREATMENT!

We know not everyone can wash on the lawn. If you can't, please use a commercial car wash. Regulations require commercial car washes to collect and treat the wash water.

GET CLEAN ON THE GREEN!
